PROJECT

The foundation is located in the Meriting infomal settlement in the south of Johannesburg and provides the community with monthly food parcels.

Every week, there is a soup kitchen for the community to ensure no individual sleeps hungry.

They also cater to the needs of two houses for girls, ECD's, after care reading group (lunch provisions), meals on wheels to elderly at risk in community commitments are met

CHALLENGE

The foundation expanded through out the years, more resources and time where required to ensure that beneficiaries still receive continuous support. Reducing the amount of time on buying food and arranging logistics for delivery was imperative.

Yebo Fresh has made a huge difference in organisation, we have become more efficient in our approach. We do not have to go schlepping around the shops anymore. The food is all delivered to us on our door step.
